Dear Mr Bembrick

Condition C6 - Bird and Bat Adaptive Management Program**

I refer to your email dated 1 June 2017 seeking the Secretary's approval of the Bird and Bat Adaptive Management Program (BBAMP) for Stage 1 of the White Rock Wind Farm project.

The Department has reviewed this revised and final version of the BBAMP and is satisfied that it is consistent with the requirements of condition C6 of the project approval. The Department also notes that the BBAMP has been prepared in consideration of comments provided by the Office of Environment and Heritage (OEH) and that OEH is satisfied that its comments have been adequately addressed.

Accordingly, please be advised that the Secretary has approved the BBAMP (Version 2.7 dated April 2017).

Please make the final version of the BBAMP available on your website as soon as possible.
